The Apostolic Resource Center, Inc (ARC) is a network Credentialed Ministers, Affiliated Churches and various Ministries seeking to train, and unite the church of Jesus Christ in this generation in revelation, impartation, and activation for the end time harvest. Our goal is to equip a supernatural laboring force to see revival reform our city, nation, and world; through itinerate ministry, missions, conferences, training schools for leadership, and providing resource materials. It was originally founded in 2003 with offices located in Belgrade, Montana. ARC Covenant Partners and Affiliated Churches come from varied backgrounds, but all endorse the ARC Articles of Faith through direct ministry relationship and recommendation of local churches, ministers, and other relationships who are familiar with their ministry calling, gifts, and history. Although we encourage biblical and theological training, we do not believe that God limits His call to those individuals with formal training. As a result, ARC offers opportunity for minister credentialing to individuals who demonstrate evidence of a "call" to ministry. This can be demonstrated through proven relationship with Jesus Christ through the Holy Spirit, His body, Scripture, Kingdom fruit, and a desire to fulfill the Great Commission. Credentialing with ARC is a combination of a personal faith journey, spiritual call, spiritual gifts, biblical and theological training, ministry experience, and testimony in the community. Therefore, one of the services which we offer our covenant partners is personal coaching and ministry consultation to evaluate their continuing training needs to fulfill their personal needs, present ministry and future ministry calling.
